

INTERNATIONAL
TREASURY SERVICES
ASSOCIATION

International non-profit organisation, promoting dialogue and the sharing of experiences between its member countries, in the service of more effective and sustainable public cooperation.

PRESENTATION

DISCOVER THE AIST

The International Treasury Services Association (AIST) founded in 2006 in Antananarivo is a non-profit non-governmental organisation.

It brings together public administrations from several countries to promote dialogue and the sharing of expertise.

Currently located in Paris, it acts as an international exchange network, at the service of the modernisation and functioning of public management.

In a constantly evolving world, the AIST then accompanies States to meet today's challenges and anticipate those of tomorrow.

AN INTERNATIONAL PRESENCE:

The AIST brings together 29 countries on four continents, mostly from Africa, but also from Europe, Asia and America, reflecting the diversity and international scope of its actions.

► COLLECTIVE ACTION

- Organisation of an **annual international symposium**, bringing together representatives of the Member States around common themes
- Establishment of **thematic seminars**, to deepen specific topics related to public management
- **Participation of experts and practitioners**, favouring concrete and operational exchanges
- Development of **summary documents**, aimed at capitalising on knowledge and disseminating good practises

► OUR ACHIEVEMENTS

International cooperation

Since its establishment, the AIST has been supporting the **modernization of Treasury** and public accounting administrations through cooperation, **capacity-building** and the **exchange of experience** among its member States.

International Annual Symposia

Each year, the AIST brings together member Treasury administrations, experts and partner organizations for an international conference dedicated to the major challenges of public financial management, including digital transformation, the modernization of Treasury services, accounting quality and decentralization.

Thematic Seminars

The AIST also organizes thematic seminars on current issues, enabling experts from member countries to share experiences, discuss ongoing reforms and promote practical solutions tailored to the challenges faced by public administrations.

Recent Achievements

2026

International seminar dedicated to sustainable public procurement and the sharing of best practices among member administrations.

2025

16th International Conference held in Abidjan on the theme: "The Future of Treasury Business Processes in the Digital Era."

2024

Conference held in Conakry on the impact of digital transformation on Treasury operations and the accountability of public accountants.

2023

Conference held in Nosy Be on the digitalization of Treasury services to better serve citizens.

MEMBER COUNTRIES

AIST brings together 29 countries on 4 continents.

The AIST thanks all its member countries for their commitment and active participation in the development of international cooperation.
